sacred heart journey: reflections of the light

with Lee McCormick and Marisa Weppner

Through the processes of experiencing the temples, pyramids and plazas of Teotihuacan as it was originally intended by the ancient Toltecs, you will be guided through a sacred journey of transformation, recognizing and releasing limiting belief and awakening to a whole new life of joy and a wide open heart.

The architects and leaders of Teotihuacan were spiritual masters, what today we term as Artists of the Spirit. They created Teotihuacan as a Mystery School for human transcendence from a dream of suffering to a dream of unconditional love. Awaken the truth of your humanity and activate a life of love, service and wisdom.

Enjoy a day in the markets of Mexico City for special shopping and visting the Basilica of Guadalupe, one of the most pilgrimaged holy sites in the world.
