**ARTISTS OF THE SPIRIT *
EXPRESSIONS OF THE LIGHT**

As the realities we have each known continue to shift, unravel, and reform, we hold key responsibility for how we choose to live and dream our lives going forward. Coming home to the presence and mystery of Teotihuacan is a beautiful invitation to remember our strength and magic. We are the ones we have been waiting for. Great healing and re-creation are at hand through love, service, and wisdom.
